

CONFERENCE TO BE HELD IN ST. PAUL

Recent Forest Fires Awaken Demand for Preventive Measures.

St. Paul, Minn., Nov. 26.—The recent forest fires, with their attendant loss of life and money, will be the subject of the lake states forest fire conference in St. Paul, December 6 and 7. Public sentiment has been aroused to such an extent by the great loss of life and fortune in these conflagrations and its demands for preventive measures is so insistent that every effort will be made to inaugurate precautions against a repetition of the disaster.

Never before has such an exhaustive inquiry into the causes of forest fires been contemplated. Not only will means of insuring life and property against further loss receive the attention of the members of the conference, but an attempt will be made to unearth the causes of the last fires. Recently it was charged that the blaze which destroyed Spooner and Baude, Minn., and laid waste thousands of acres of land, was caused by sparks from a passing locomotive. Officials of the accused railway vehemently denied this accusation, and in turn laid the blame for the conflagration upon the settlers. It is expected that this matter will be threshed out at the coming conference and hopes that the responsibility for it will be fixed.

BREAKS UP A BAD COLD IN A FEW HOURS AND CONTAINS NO QUININE.

It is Needless to be Miserable Because of Colds or Grippe.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until, three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable neuralgia pains, headache, dull-

ness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic pains.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold and Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Colonists in Northern Mexico Preparing for Fight With Insurgents.

El Paso, Texas, Nov. 26.—The El Paso Herald-Examiner correspondent, who left Juarez Friday morning for the Mormon colonies in northern Chihuahua, a telegram saying that a battle had been fought between insurgents and colonists Wednesday in that region and that the Mormons were now arming themselves in preparation to repulse an attack if any were made. The telegram says:

"Nueva Casas Grandes, Mexico.—At Managua, 125 miles south of here, two insurgent forces were killed, and a number of police and insurgents were wounded. This fight took place on Wednesday. All is quiet at Managua."

The hundred insurgents who started to clean up Managua Wednesday are now reported to be within thirty miles of here and headed for Colonia Juarez. A telephone message from Colonia Juarez this morning said that everyone was heavily armed and that the Mormons were prepared to protect their town."

Closing in on Madero. Douglas, Ariz., Nov. 26.—The Mexican soldiers sent eastward from the Arizona border to join the forces closing in on Madero passed eight miles south of Agua Prieta. It is said that they are making forced marches of thirty miles a day and will reach Casas Grandes in seven days. It is believed they are bound for Guerrero, where the fight occurred between the Mexican troops and the rebels. Lieutenant Colonel Ypez, commanding the government forces, was killed in that engagement while leading the Twelfth battalion, including troops which left Chihuahua November 21 and November 22. The rebels were led by Jose Maria Gonzalez, president of the Democratic club of Guerrero.

Brigadier General Thomas, commanding the Colorado division of the United States army, held a consultation here today with Mexican Consul Yzabel.

General Thomas exchanged telegrams with General Torres, the governor of the state of Sonora, Mexico. The latter will come to Naco, where a meeting is to be held on the international line. This conference will decide whether or not American troops shall be moved south to the border, it is believed here that this move will be made, since Mexico has but few troops in Sonora.

Arms for Rebels. Mexico City, Nov. 26.—It is reported from Tampico today that an unnamed schooner is attempting to land arms for the rebels at Soto La Marina. The supplies are believed to have been shipped from St. Louis via New Orleans. The government has dispatched a gunboat to the scene.

Fighting occurred at Ciudad and Guerrero, near Chihuahua, on Wednesday. The rebels made three attacks and several were killed by federal soldiers. The government troops triumphed.

At midnight Wednesday Sandres, fifty miles from Chihuahua, was attacked by rebels, who tore up the railroad track. The place was defended by a small garrison. Troops have been sent there.

Quiet Along the Border. Laredo, Texas, Nov. 26.—Barring sensational rumors, there have been no developments in today's news regarding the revolution in Mexico.

General Villar has received advice covering his entire district and that of Colonel Pena, from Colombia to Ciudad Porfirio Diaz, and the reports are quiet at all points along the border and in the immediate interior.

According to American officers, the same conditions exist at all places along the American side of the river.

Incoming passengers on tonight's local train from Saltillo, Mexico, report everything quiet along the lines of the National railways of Mexico.

Quiet on American Side. Bisbee, Ariz., Nov. 26.—American troops are camped tonight on the border from the San Pedro river to Douglas, a distance of thirty miles. The troops are members of company B, Eighteenth infantry, and arrived on the border this afternoon. They are in command of General Thomas of Fort Whipple. General Thomas has established headquarters at Douglas.

Everything is reported quiet along the line tonight. Seven supposed revolutionists arrested at Naco, on the American side, were released today.

Thrown Into a Panic. Douglas, Ariz., Nov. 26.—The crack of a pistol within a few feet of the police station at Agua Prieta, just across the line in Mexico, today threw the entire town into a fever of excitement, and caused the turning out of the citizen soldiers, recently called to service by the Mexican government, and the line riders on both sides of the border. The excitement and fear of rebellion subsided when it was learned that the shot had been fired by Ricardo Rothenhauser, a prominent young Mexican, who suddenly was seized with suicide mania after having serenaded Senora Inez Lopez.

The suicide occurred in the building owned by Senora Lopez, and the soldier immediately formed about it a cordon through which no one was permitted to pass for several hours.

Seven men suspected of having revolutionary sympathies are reported to have been arrested at Fronteras last night.

General Thomas, commanding the American troops in the south, received a message tonight that General Torres could not arrive tonight at Naco for the conference arranged between them. General Thomas, therefore, decided to remain at Douglas until tomorrow. He is expected to leave for a conference today with the American officers here.

Cattlemen who returned from buying cattle in Mexico said that just prior to the outbreak of the revolution Madero purchased several hundred horses in southern Chihuahua and brought them north to his hacienda.

MASQUERADE DANCE HELD. The regular monthly social session of P. Edward Connor camp, Sons of Veterans, held in the Knights of Columbus hall, 127 East First South, last night, was devoted to a masquerade dancing party. Nearly 200 members, their ladies and friends, clad in quaint costumes, attended the affair. Several of the members of the G. A. R. were in attendance. Card tables were provided for those not dancing. Light refreshments were served.

APPLICATIONS RECEIVED. The Commercial club's bulletin board, posted in the new building for the first time yesterday, carried a total of twenty-seven new applications for membership before night. These names will be acted upon, with others at the next meeting of the board of governors of the club.

Away With Pills and Purgatives!

The habit of taking salts or strong cathartic pills every time you want to loosen the bowels is a bad one, for in time you will destroy the activity of the digestive tract and you will have to rely entirely on medicines for action. This is not a pleasant thing to look forward to. From infancy to old age the use of strong purgatives should be avoided. This can be done by the use of a mild laxative like Dr. Caldwell's Syrup Pepsin. While it is mild enough for a baby to use yet it is strong enough to give action in the most robust constitution. The letters of endorsement the doctor gets are from no one class—mothers who take it, mothers who give it to babies and children, people in the prime of life, and old people. It is successful with them all. It is in truth the ideal remedy for constipation, indigestion, biliousness, heartburn, gas on the stomach, sour stomach and all other manifestations of stomach, liver or bowel trouble. A bottle can be obtained of any druggist at fifty cents or one dollar, but you can make a free trial of it by writing Dr. Caldwell for a free sample bottle. He will be glad to send it to you. You cannot do better than read the letters printed here, and then act on your suggestions.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample, address him Dr. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

The following are some extracts from letters Dr. Caldwell has received.

"I received the sample of Syrup Pepsin, liked it, and have bought a regular bottle of our druggist. It is an excellent medicine and very pleasant to take. I would not do without it again."—Robert J. Allison, Walnut Bottom, Pa.

"I haven't had a bad spell with my stomach since taking the first dose Syrup Pepsin. I continued to take it for some time, as I had been afflicted for nearly twelve years and couldn't expect wonders overnight, but the fact is I can eat anything now and feel as if I had a new lease on life."—G. W. Selby, Brashear, Mo.

"Your Syrup Pepsin is unquestionably a fine remedy for stomach and bowel trouble, and should be in every home. While this is given voluntarily, and comes to you unsolicited, you may use it to promote the sale of your valuable remedy. May success attend you in the introduction of this fine and valuable medicine."—E. B. Gibson, Crystal Springs, Miss.

"I received your sample bottle of Syrup Pepsin and liked it so much that I bought a bottle from my druggist and have taken nearly all of that and will get another bottle soon. I like it better than anything of the kind I have ever tried."—Mrs. John L. Moore, Clinton, Ky.

"I received your sample bottle and have used two other bottles besides. I like it a very good medicine. I keep it in the house all the time. Would not do without it."—Mrs. Dollie Graves, Hamilton, Ohio.

"I have used your Syrup Pepsin for years and would not be without it."—W. L. Bryant, P. M., Sardis, Tenn.

For Sale by Schramm-Johnson, Drugs,

"The Never Substitutors," in all of their five stores, "Where the Cars Stop."

INVITATION TO LADIES AND GENTLEMEN

Your presence is earnestly requested Monday, November 28th, at the Formal Opening of our beautiful, new drug store. Interested in progress, you are certain to be charmed with the handsome appointments, which are apace with the city's growth. We have planned to make the occasion noteworthy.

Decorations.

ASTHMATICS REGAIN HEALTH

Remarkable Cures Are Effected by Ascatco—Chronic Cases Yield Readily—No Return of the Disease.

AFFORDS PROMPT RELIEF

It is impossible to tell briefly and at the same time adequately the extent of the good work which Ascatco, the specific for respiratory afflictions, has accomplished in a few years in completely and permanently curing worst cases of asthma even of as many as fifty years' standing. Ascatco is praised by all who have used it as the one means of preventing choking attacks, relieving suffocating spells and all other forms of asthma distress. The small seven-drop dose taken in water twice daily, results in freeing the system from the grip of the disease in a short time. Recent reports from cured five or more years ago show that asthma has not returned when once driven from the system by Ascatco.

Ascatco may be procured, in two sizes, 50 cents and \$2.00, of Schramm-Johnson, Drugs, 5 stores, where the cars stop, and other druggists. Be sure to obtain the free sample which will be sent by mail by the Ascatco Laboratory, 32 West 25th Street, New York City, to all who write for it.

MEN! COME TO ME

If I Do Not Cure You It Will Not Cost You One Cent—NO CURE NO PAY.

MY SCIENTIFIC METHODS

What would you not sacrifice to feel as you did a few years ago, to have the same snap and energy, the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You might as well be. It's easy. I am making men out of wrecks every day by scientific methods and I can make you as good a man as you ever were in a short space of time.

My scientific methods make vigorous muscular men out of the puniest specimen of "half men"; expand and develop every muscle and part of the body; warm the heart, increase the courage and give a man power of mind and body such as any man should be proud of. Made in a few days, the step alone makes an athlete of a sluggard. Cure the disease by restoring strength. Methods based on experience and science alone can do this. My scientific methods will cure when all else has failed.

My arguments are good, my system is good, but I know you haven't time to study these. You want proof and I am able to give you that, and lots of it. When your own neighbor tells you I cured him you will know I did. In a few days you will feel the cure tingling in your veins. It will feel good to be strong and manly again. Diseased and discouraged men, come and talk your troubles over with me. I can and will cure you.

PRICES REASONABLE

No man too POOR to get a consultation, examination and my best advice, together with Blood Test, Urinalysis, Diagnosis and Prognosis, FREE. I will give the POOREST man a chance, as well as the RICH, to receive a cure. I have cured cases of "DIS-EASES PECULIAR TO MEN" that I cannot cure. This is plain talk and I mean it.

I TREAT MEN AND MEN ONLY

THE LIFETIME CURES AND SATISFACTION GIVEN THOSE WHO HAVE BEEN CURED OF THE DISEASES BELOW BY MY METHODS SHOULD BE A GUIDING STAR TO ALL MEN SEEKING TREATMENT.

Urinary Obstruction

is a very annoying and injurious disease, and is important because of its harmful effects upon the whole urinary system. I treat each case according to its requirements, first satisfying myself as to the exact condition by careful examination and inquiry. Urinary obstruction in any form is not difficult to cure, and by my method of irrigation and digestion, I am able to cure the most severe cases. I do not cut or dilate and when I have diagnosed a case the canal is sound and healthy and perfectly natural.

Special Diseases

I treat all swelling, painful passages of water. Strong injections, destroy obstructions of the Urinary Canal. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured.

I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for at the lowest possible cost.

Bladder Trouble

Usually caused by inflammation, medicate directly and scientifically, and I accomplish remarkably quick and permanent cures.

Prostatic Enlargement

Results from inflammation obstructions the canal, produces constipation. My special treatment removes the inflammation, reduces the enlargement, a normal condition is resumed and ninety per cent of the cases I treat are entirely cured.

Examinations and Consultation Free

Office Hours: Week days, 9 a. m. to 5 p. m., 7 to 9 p. m. Sundays, 10 a. m. to 12 noon. Although I am a very busy doctor at all times on account of my large practice, I invite any man whose health is not what it should be, to call at my office and consult me about his case (free) at any time during the above hours. You will receive courteous attention at my hands. I see my patients personally. My services in reach of all.

Varicoes

is simply veins filled with curdled or stagnant blood occurring in any part of the body. Every man afflicted with Varicoes of long standing knows that it has blighted his life and that he has made a great mistake in not having himself cured.

My method of curing Varicoes is by a powerful and painless electro-coagulation, which cures the enlarged veins, thus expelling the clotted blood so that circulation is restored and Varicoes is no more. The nervous system is restored by the administration of a tonic and a complete cure is certain in every case.

PILES

are small vascular tumors and they have the most degrading influence on the general health. I cure Piles without cutting nor do I use any ligatures or caustic acid. Infections, which treatment has ruined many. My treatment is safe and painless, causing no detention from business and when you are dismissed by me you are cured for life.

Kidney Complaints

often caused by early excess, alcoholic liquors and severe sicknesses, the usual symptoms being chills and feverish spells, worn-out feeling, puffiness under the eyes, burning and swelling. My long study and extensive practice in treating Kidney diseases has resulted in a cure in the past the curative stage. I determine the condition by analysis of urine, and the many severe kidney troubles I have cured after they had been given up by other doctors, gives me great confidence in my method.

Blood Disease

is a self-sustaining disease known as primary, secondary and tertiary. Any form of this destructive disease makes a man known by such evidences as inflammation of the mucous membrane in the mouth and throat, eruptions on any part of the body, itching of the bones, spots and all discolorations of the skin, which signify decay and premature death.

My treatment for "Blood Disease" is a specific composition that completely reorganizes the blood corpuscles, by which means every particle of injurious matter is eliminated. Under my system of treatment it is utterly impossible for a man to remain in the blood, and purity and health are the results in every case.

My scientific treatment removes all manifestations of disease soon after beginning treatment and by increasing the albuminous portion of the blood after removing the impurities a normal state of health is resumed.

Hydrocele

is a swelling of the scrotum, sometimes difficult to distinguish from rupture. My scientific treatment completely obliterates the tumor at once, and by the use of an internal preparation for a few days not a sign or symptom of the disease reappears.

Nervous Decline

Or Debility means DEBILITY of the nervous and nerve centers, or general debility of the whole nervous and male system. No man can be strong and manly if his nervous system is impaired, because the nerves control the blood and when the proper circulation in any part ceases disease is bound to result.

In treating nervous diseases, from which nearly all nervous disorders and male debilities originate, I have particular advantage over other physicians because I have thorough knowledge of the seat and cause of the disease, which is always necessary to insure success in treating any afflictions. My thorough course of treatment immediately stops nervousness, drains, relieves backache, all effects of youthful folly, and by adding flesh and muscle the patient is restored to health, strength and complete manhood. Be a manly man.
